Diversity Charter signed: Diversity at PP Karlsruhe – that's what we stand for!

Diversity Charter signed: Diversity at PP Karlsruhe – that's what we stand for!

What distinguishes us as the Karlsruhe Police Headquarters? The diversity of our tasks – but not only.

In particular, it is the diversity of our employees that allows us to exist anew every day and the diversity of the citizens for whom we work day and night.

We all differ e.g. according to age, gender, origin, skin color, religious confession, sexual orientation or disability. The conscious perception and recognition of these differences and a natural way of dealing with them – that is our goal.

For this reason, PP Karlsruhe has a diversity concept.

As an expression of this objective, the Chief of Police, Ms Denner, has signed the Diversity Charter on behalf of the Presidium.
